Sir,

I have the honour to acknowledge the Receipt of your letter dated the 8th inst: announcing a Building grant of Rs 25,000 and a Maintenance grant of Rs 200 per month to her new Hospital for Women and Children in this City, and I beg you to express my most grateful thanks for this help to His Highness the Maharajah and to the members of His Government.

The first of our Lady Doctors has already arrived from England and the second is now on her way out so that we are almost ready for work. About this I will send further information in a short time.

In regard to the Building Grant of Rs 25,000, I have the honour to ask whether you will kindly allow me to draw it at once. Our estimate for the various parts of the Building is as follows:—

Front - Administrative Block with 3 wards in Upper Storey	Rs 45,000
House for Lady Doctors and Nurse	10,000
Operating Theatre	8,000
Nurses' Quarters	6,000
Water pipes &c	1,000
Cook Rooms and Latrines	3,000
Storerooms	1,000
3 Wards in Rear	18,000
Contagious Ward	6,000
Mortuary	1500

Compound Wall	Rs 7,000
Servants' Quarters	3,000
	10,500

These Buildings alone will cost approximately Rs 10,500, and we shall probably have to face several other extensions so that you will see that the Building is likely to cost considerably more than the Lakh of Rupees, towards which the Government has so kindly promised a grant of one-fourth. The Buildings are rapidly rising, a considerable portion is near completion, and I have already advanced so much money that I shall be very greatly obliged if the Government will assist me by paying its grant at once, or as soon as may be convenient. I need perhaps scarcely say that I pledge myself to the expenditure of at least a Lakh of Rupees as already stated in my application for the grant, and it is evident that the expenditure will be considerably in excess of this sum

I have the honour to be, Sir,

Your most obedient Servant
